

Dear Mr Uros KRANJČ

I'm truly sorry to inform you on behalf of the board of management of Istanbul University, that we are no longer capable to participate in WABA season 2018-19.

The decision is taken very recently at an urgent and extraordinary meeting, after the unexpected withdrawal of our major sponsor, a few days ago. After negotiations with sponsor and careful examination of current financial status of the club, it's been very obvious that we are no longer capable to cover expenses of participation in WABA League.

It was our pleasure to participate in this very good quality League, which we believe is one of the prominent events helping womens basketball to develop and improve in Europe.

I hope and wish that our enthusiasm and will to participate in forthcoming seasons will lead us to find solutions in the future, but none exists for the moment.

Please accept my personal and the clubs official sincere apologies.

Sincerely yours

Remzi Dilli
